Subject: NBC Network News Intvw Request

Good morning,

NBC News would like to put in a request to interview a spokesperson from the EPA re: the Animas River Spill.

This would be for all of our NBC platforms, including NBC Nightly News with Lester Holt.

We do have a team in Durango who could conduct the interview. We also have a team in Farmington at the moment.

Please let us know how we might be able to best accommodate this if possible.

Would you kindly reply all?

Thank you so much,

Norma Rubio
